Subject: Preparation of JM discussion on IATA and MAD in focus session: request for speakers
IATA MAD Jan12.docx

Dear all,

As we've discussed earlier in January at the JM bureau conference call, we are getting prepared for the focus session on IATA/MAD at the June JM.

We are therefore **looking for speakers from the EC,US, Canada and BIAC** to present country/organisation/industry's perspective on the topic.

The attached document provides a bit of background and indicates the expected timing of the presentations.

We'd be grateful if you could confirm, within the coming couple of weeks, a speaker to talk at the meeting in June.

For the US, we understand that Gina Scarano will be the US presenter.

Don't hesitate if there is anything unclear, Eeva Patience and myself are happy to provide clarification if necessary.

Thank you very much!

Kind regards,

Anne
